SUMMARY OF TERMS AND CONDITIONS

INSURANCE

The hirer is responsible for the equipment hired, including any loss, damage or theft. Hence taking out full comprehensive insurance is essential, otherwise all liability will fall upon the hirer.

DAMAGE

Any damage or excessive wear due to neglect by the hirer (e.g. not greasing & checking over) will be charged to the hirer. Tyre, track damage and punctures are the responsibility of the hirer.

CLEANING

There will be a charge for equipment returned in a dirty condition.

VALUE ADDED TAX

V.A.T. will be charged to all prices quoted.

OPENING TIMES—Monday to Friday 7:30am till 5:30pm, Saturday 8:00am till 12 pm, Sunday Closed

Full terms and conditions can be found on the reverse of our hire contracts.

QUADS

The TGB Blade 520SL EPS is the only farm quad you'll need: powerful, durable and agile the TGB Blade 520SL blurs the line between a quad bike and fully functioning workhorse that's a machine. Therefore it's no surprise that this quad bike is made with the agricultural worker in mind. Helping farmers get from A to B on many different and challenging levels of terrain.

TGB Blade has been selling worldwide for over 20 years and has no doubt become a popular quad bike amongst farmers and alike. With a powerful and almost unrivalled 503cc high-torque engine, the 520SL EPS easily gets through challenging terrain. The Electric Power Steering (EPS) makes handling this quad bike a dream! Smooth and responsive, ideal for when driving in the rain and on muddy ground. As well as giving you more control over the vehicle when carrying heavy-duty items from one place to another.

Fully equipped with a tow bar and a winch to help move difficult and heavy objects. 2 or 4 wheel selectable drive, automatic driving and a digital display, meaning that everything works in your favour when driving the TGB Blade 520SL.
